GREEN PRO

Castle Chemicals' **GREEN PRO** product range is specially formulated and manufactured to prevent any damage or adverse impact on the environment.

GREEN PRO products have been accepted by the Local Government NSW and the NSW Office of Environment and Heritage Partnership, adhering to the Sustainable Choice program's environmental protection guidelines. In Victoria, the **GREEN PRO** range is approved and promoted by Eco Buy.

At Castle Chemicals, we are committed to ensuring that we fulfil the requirements of applicable Australian and International Standards, and we are guided by our company's environmental policy and principles and guidelines of AS/NZS ISO14001:2004 – Environmental Management System.

To achieve our environmental goals, we are committed to the principle of continual improvement and prevention of pollution. We have developed a framework to ensure our activities and services comply with all applicable environmental standards, and contribute to the well-being of the communities in which we operate.

Our Environmental Objectives are:

- **Consider our environmental responsibilities** in all stages of product formulation, manufacture, filling and delivery, including plant design, operation, production and packaging.
- Optimize the **recycling and minimisation of production waste materials** and packaging.
- Monitor, evaluate and wherever possible **reduce energy and water consumption**.
- Monitor and evaluate our environmental initiatives through **internal and external audits**.
- Review our activities to develop objectives and targets to **minimize the impact of the business on the local environment** and develop appropriate programs to achieve these objectives.
- Optimize the use of **biodegradable formulations** and raw materials.
- Maximise use of **recycled / recyclable packaging** in product production.
- Formulate **highly concentrated products** / powders to minimise transport of water.
- Control product usage for our customers through the installation of **automatic dispensing systems**.

PRODUCTS

GREEN-PRO Supergreen – dishwashing liquid

GREEN-PRO Supergreen is a 'no compromise' formulation; there should be no need to accept a trade-off in performance to be kind to the environment.

GREEN-PRO Supergreen has been specifically formulated to meet the criteria for the Accord rECOgnised environmental credentials scheme.

GREEN-PRO Frontier – hard surface sanitiser

GREEN-PRO Frontier is a new generation free-rinsing, hard-surfaces sanitiser for use in food preparation and surface areas where there is a requirement for high standards of sanitation for food contact surfaces.

GREEN-PRO Frontier meets the requirements of FSANZ Food Safety Standards 1.3.3 for use as a generally permitted processing aid within food manufacturing.

GREEN-PRO Dishkleen – automatic dishwash detergent

GREEN-PRO Dishkleen is a non-chlorinated liquid for automatic machine dishwashing. It is a carefully balanced blend of low-foaming cleansers, alkalis and water-softening agents.

GREEN-PRO Glass Cleaner – glass mirror and chrome cleaner

GREEN-PRO Glass Cleaners a clear (undyed) formula that meets the criteria of the Accord rECOgnised environmental credentials scheme and contains no harsh ammonia or aggressive alkaline salts.

GREEN-PRO Radical – laundry powder

GREEN-PRO Radical is a biodegradable laundry powder formulation containing an effective detergent surfactant blend, optical brightener and a very popular 'fresh linen' fragrance.

GREEN-PRO Radical is a phosphate-free laundry powder and meets the criteria of the Accord rECOgnised environmental credentials scheme.

GREEN-PRO Rinse All – rinse aid

GREEN-PRO Rinse All is a concentrated super-wetting agent, which enables glassware, dishes and utensils to dry thoroughly and quickly without spotting or streaking.

GREEN-PRO Rinse All is designed to be applied in the rinse cycle of automatic dish washing machines through rinse injectors recommended by Castle Chemicals.

GREEN-PRO Stainless Steel Cleaner and Polish

GREEN-PRO Stainless Steel cleaner and polish is a bio-based, environmentally friendly cleaner and polish that will not leave spotting or streaking, and resists fingerprints.

GREEN-PRO D-Lime – lime scale remover

GREEN-PRO D-Lime is a non-acidic, non-hazardous kitchen descaler specially formulated for lime deposits commonly found in kitchens.

GREEN-PRO Bathroom Cleaner

GREEN-PRO Bathroom Cleaner is a rECOgnised approved, bio-based, non-hazardous bathroom cleaner.

GREEN-PRO GentL – hand, hair and body care

GREEN-PRO GentL is a rECOgnised approved hand cleaner, hair, and body wash.

GREEN-PRO ENZYME RANGE

GREEN-PRO Deep Clean - No rinse floor cleaner.

GREEN-PRO Fade Away - Enzyme-based laundry spotter.

GREEN-PRO Odourzyme - Urine and odour digester.

GREEN-PRO Biozyme - Tap, drain and waste water cleaner.
