Mark Barrack
Castle Cleaning Solutions
16 Rural Drive
Sand gate NSW 2304

Dear Mark,

Subject : Castle Cleaning Solutions Testimonial

Castle Cleaning Solutions has provided us with information and products to keep us up to date with the most effective cleaning products to meet our needs. Territory Manager Greg Billingham is constantly seeking feedback from staff regarding the performance and suitability of the products provided. Following feedback and staff preference for Multizyme Plus we have had the automatic dispenser installed for continued use of this product. Greg always responds to enquiries and stock replacement promptly and efficiently.

CSC newly appointed CEO visited Chiara last week and her comment of 'It doesn't smell like a nursing home' is all the evidence we need to reassure us that Castle Chemicals are providing us with the right products.

With Castle Cleaning Solutions I am confident Chiara Cottage will continue use the most appropriate and effective products and receive the best possible service.

Regards

Bronwyn Colley
Respite Coordinator
