

## Keith Tulloch Wine Estate -- Testimonial on Ninja use \_ June 2014

Hi Brad –

Great to chat on the phone last Friday afternoon, about Ninja and Cidal.

We cleaned our winery roof on Tuesday and very impressed with Ninja.

I've attached a photo so you can see what we're up against.

You can clearly see where we've finished LHS.

Much of the lower roof sheeting was black.

We have another drum of Ninjo on order to finish the job.

Cheers,

Keith
