Hi Brad,

Thank you for introducing Mawsons to the Castle Chemicals range of products. Your sales team are very helpful and provide a good service.

We have been using the Agi-Safe and Prime Mover products on our fleet for a couple of years now and are happy with the results we achieve. Our trucks stand out in the crowd as we pride our selves on having a clean fresh looking fleet, and your products help this by leaving our trucks with a nice clean sheen.

Kind Regards,

Travis Price
