Castle Chemical Testimonial

We have been a Distributor for Castle Chemicals for nearly 3 years. In that time we have grown our Client base thru using Castle Chemicals considerably.

We (and our clients) find their products of premium quality & high in dilution making them very cost effective in use.

Brad and his team are professional and are always willing to support thru Field Trials, Dispensing Systems and access to the Laboratory/Technical team for product advice when required.

Brads teams have helped us in presentation to prospective clients and support when converting sites over to a Castle system.

I have no hesitation in recommending Castle Chemicals.

Regard
