Laundry Processing Commercial & Residential In-House Laundry Systems

CASTLE CHEMICALS COMMITMENT

Since 1972, Castle Chemicals has built its reputation on the manufacture and supply of innovative, value-added products, systems and services.

ISO 9001, Quality Management Systems status became part of our culture in 1994. We have used this system approach to business to drive continual improvement in product development, quality and process traceability.

A simple business strategy developed in 1972 by the late Des Barrack, the founder, still sets the standard for Castle Chemicals into the future. "We work hard to earn the loyalty of our customers by providing innovative quality products that get the job done, along with experience, service and training that is carefully designed to meet our customers needs."

Complete the puzzle with us.

We will work with you to develop a laundry program, featuring advanced chemistry, that helps you manage the total cost of laundry including water and energy consumption. Your laundry results will be fresh and soft and hygienically clean. Our product range and knowledge means the right product for the right environment every time.

Lift Off Stain Removal Program

Tough on stains. Gentle on fabric.

Give your laundry operations a boost with **Lift Off** - Castle's pre-wash stain removal program. Designed to be simple, effective, and versatile enough to attack any stain you can find in a laundry operation, **Lift Off** is your best defence against costly re-wash.

PROTEIN REMOVER	For broad-spectrum protein stain removal	
RUST REMOVER	For rust & metal stain removal	
DESTAINER FOR WHITE FABRICS	Bleaching agent for coffee, tea and tannin stains	
MAKEUP REMOVER	For ink, oil and makeup stain removal	
MILDEW AND MOULD REMOVER <i>For coloured fabrics</i>	Biocidal stain remover for use specifically on coloured fabrics	
GREASE, OIL AND WAX REMOVER	For tough grease, oil and waxy stain removal	

Simple. Effective. Versatile.
