KA-FEE

Espresso Coffee Machine Cleaner

KA-FEE is a fine white powdered detergent specifically formulated for use in cleaning modern Espresso Coffee Machines.

Mild alkaline salts and oxygenated detergents ensure safe cleaning of group heads, backwashed filters and other Espresso machine components.

Available in a carton size of **12x500g**

Economical! One teaspoon per cleaning operation

Can be used to soak-clean removable machine components

Gentle on your machine, but powerful enough to give a thorough clean

Removes oil and residue build-up that taints your espresso

Food safe!

And remember,

A clean machine means
happy coffee & happy customers
