

## Chlorinated Foaming Heavy Duty Degreaser-Cleaner

### DESCRIPTION:

**ENFORCE** complex synergistic surfactant, alkali blend with Chlorine for heavy duty degreasing, sanitation & bleaching of food service floors.

**ENCORE** has been provided with an alkaline booster which enables the product to go on cleaning long after ordinary detergents are exhausted. The formulation has been built with special water-conditioning agents to ensure that its bacterial and detergency characteristics are retained in water of medium hardness.

### BACTERIAL ACTIVITY:

**ENFORCE** is effective against a wide range of microorganisms including Gram-positive and Gram-negative bacteria such as Staphylococcus aureus, Pseudomonas aeruginosa, the Shigella species, Escherichia coli, etc and against yeasts (eg. Hansenula), moulds (eg. Aspergillus niger), fungi (eg. Trichophyton species) and the tubercle bacillus, Mycobacterium tuberculosis.

**ENFORCE** may be used at a dilution of 1:20 to obtain a minimum of 1750 ppm of available chlorine. This level is effective for washing and sanitising a wide variety of surfaces such as floors, tiles, porcelain, glass, walls, partitions, equipment, furniture, machinery, stoves, refrigerators etc.

### AREAS OF APPLICATION:

**ENFORCE** used at a dilution of up to 1:40 for washing a wide variety of surfaces such as floors, walls, partitions, equipment. Can be applied by foamer, broom, brush or mop. Scrub area to be degreased – rinse well after – squeegee or mop dry.

**DO NOT** use on surfaces that are affected by chlorine. **ENCORE** will remove colour from fabric.

### PACKAGING:

**ENFORCE** is packed in 5lt and 20lt

### SHELF LIFE:

The available chlorine is 1.0% minimum on the use by date or 6 months from Manufacture.

Please leave container closed with approved breather cap and store in Cool dark area to reduce chlorine from degrading prematurely.

As a quality assured manufacturer, Castle Chemicals has a stringent quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 6 months from the label printed date of manufacture.
