

MANGO WAX

Fruit Coating

Product Description:

Castle Chemical's MANGO WAX is a food grade coating that gives the mango a clean, fresh appearance and helps to hold the mango firm and crisp.

Application:

Apply Ag-Clean to assist with the removal of field dust and residues. Examine brushes daily, to ensure they are clean and in good condition. Make sure the fruit is dry before the waxing.

MANGO WAX is applied neat. Apply 1 Litre to 1 tonne of fruit approx. The Micron 2000 is the best way to apply Mango Wax. The mangoes should be dampened by the spray, and emerge from the dryer chamber dry.

Food Safety Statement:

1. The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
