

Sydney Blue Gum

Eucalypt Disinfectant

Product Description:

SYDNEY BLUE GUM has been developed as an economical reodorant disinfectant based on QUAT chemistry to provide excellent multi-purpose germicidal detergency that disinfects, cleans, and deodorizes in one easy step. SYDNEY BLUE GUM is a distinctive 'leafy eucalypt forest' fragrance product.

- This unique tangy fragrance has a fresh characteristic that does not become stale during the detectable life of the product.
- The unusual fragrance rate is sufficient to sustain interest by visitors and employees alike.

Acts in three ways:

1. As a Disinfectant
2. As a Deodorant
3. As a Reodorant

- Kills the commonly found species of bacteria transmitted in toilet and washroom areas.
- Concentrated for economical use: 1:10 dilution meets the TGA Commercial Grade Rating
- Safe for use in septic tanks.

Application:

In general it is suggested that DISINFECTANT be diluted 1:10 with cold water. DO NOT RINSE after moping the area.
