# Technical Bulletin Klenze Gold

### Solvent Free-Grit Industrial Hand Cleaner

#### **Product Description:**

KLENZE GOLD – Solvent Free hand cleaner with a comprehensive blend of biodegradable surfactants with natural scrubbers, to give a hand cleaner that is able to shift most oils and greases quickly & effectively while protecting & moisturising the skin. KLENZE GOLD is for use at the end of a working shift, or more frequently as required.

#### **Application:**

KLENZE GOLD is supplied in 4L pods that fit the AR100 heavy duty industrial dispenser. A full stroke from the AR100 will supply 5ml of hand cleaner - apply to dry hands & work in well to loosen all soiling. Rinse well with clear running water & dry hands thoroughly.

- 1. SOLVENT FREE Reducing the impact on the skin from solvents. Klenze Gold relies on a synergistic blend of mild surfactants to replace solvents, but still deliver effective removal.
- 2. DEEP CLEANING Synergistic mild surfactants with natural scrubbers give a deep clean without skin damage
- 3. ADDED MOISTURISERS KLENZE GOLD contains a lanolin derivative, propylene glycol plus emollients and humectants to protect against dryness.
- 4. FRESH FRAGRANCE A mild citrus fragrance pleasant after use KLENZE GOLD is available in 3 x 4 litres Pods to fit AR100 dispenser.

# **Food Safety Statement:**

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

- 1) The raw materials / ingredients of this product are permitted as processing aids as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
- 2) Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.
