Anti-Stat

Carpet Anti-Static Treatment

Product Description:

Anti-Stat is a liquid antistatic agent, charged with a cationic antistat active ingredient, it effectively neutralises and removes static associated with manmade fibres and polymers.

Anti-Stat can be used on carpets, matting, rugs as well as glass, plastic, vinyl or most other surfaces to prevent dust, fog and static electricity on the surface. Also provides anti bacterial sanitising action.

Application:

Anti-Stat can be used in areas where static build up can become an issue caused by movement, or friction between synthetic fibres and other materials.

Example application areas could be:

Hotels	Hospitality
Schools	Nursing Homes
Buses	Offices
Motels	Resorts

Spray anti-static neat through a pump spray on carpet floor to reduce static electricity. For general surface equipment and utensil disinfection dilute 1:500 - surface / items must be thoroughly drained before contact with food.
