

Bathroom Cleaner

Low pH, Low Risk, Biocidal Bathroom Cleaner

Product Description:

CASTLE GREEN-PRO BATHROOM CLEANER represents one of the new generation of Castle 'Green Pro' range of products. Derived from organic surfactants and a low risk salt of an inorganic acid. A green clear liquid; CASTLE GREEN-PRO BATHROOM CLEANER is an economical, non-hazardous, bio based, biocidal, RECOGNISED environmentally approved product that can replace many common aggressive acidic hazardous based bathroom cleaning products.

CASTLE GREEN-PRO BATHROOM CLEANER contains no phosphates and is formulated to allow effective biodegradability back into the environment. CASTLE GREEN-PRO BATHROOM CLEANER'S highly effective surfactant package cuts through grease and grime, particularly body fats, water scale and chalky deposits, brightens and rinses easily to leave a gleaming smooth finish to tiles, glass, mirrors, plastic and all other bathroom surfaces.

CASTLE GREEN-PRO BATHROOM CLEANER, cleans, descales and de-fats and controls bacteria in one easy operation. Its low risk formulation means a safe yet powerful cleaner, with minimal risk to your operators. CASTLE GREEN-PRO BATHROOM CLEANER offers a very effective cleaner which is a natural alternative to hazardous and harmful Mineral acid alternatives.

Application:

CASTLE GREEN-PRO BATHROOM CLEANER can be diluted up to 5.0% with water, typically in the range of 0.5-5.0% in water, and applied through a trigger spray bottle. For more stubborn staining, stronger solutions may be prepared. (See notes ref. Stainless Steels below). At 1:20 (5%) the product meets the required activity level for commercial grade disinfection.

Use on: Tiles, Glass, plastics and porcelain. It is suggested that marble and stone finished surfaces are tested (for staining) in a small discrete area prior to fully cleaning. If used on or near Stainless Steel, ensure concentration is maintained below 20:1, rinse with fresh water after cleaning, wipe dry with a dry cloth or paper towel, then apply Castle Green Pro Stainless Steel Cleaner and Polish, buff to shine.

Spray apply to wet out area to be cleaned, allow 1 to 2 minutes for cleaning action, then scrub / wipe excess away and rinse with clean water. Repeat as necessary. safe to use with septic waste tank systems.
