

Beerline Cleaner

Alkaline Beerline Cleaner

Product Description:

BEERLINE CLEANER: Hi strength alkaline beer line cleaner contains alkali, surfactants and hi-tec wetting agents to affect a complete and thorough clean of all beer lines and equipment.

Provides total clean of heavy build up, easily removes beerstone, super fast results! Suitable for all commercial systems, great for soaking taps and fittings

Application:

BEERLINE CLEANER should be added to (preferably) warm to hot water at the rate of 12 ml per litre.

Insert a clean extractor to the cleaning keg and connect to beer and gas lines.

With normal gas pressure, allow the solution to fill the lines and allow to stand for at least 30 minutes, and then blast each tap with gas.

Flush lines out with plenty of water. Protective apron, gloves and goggles should be worn while using. Rinse all areas completely after use.

- Do not mix with any other chemical.
- Store in a cool area away from direct sunlight.
- Read MSDS before use.
