

# CARNAUBA NATURAL EU

## Apple Wax

### Product Description:

CARNAUBA NATURAL EU is a high solids, carnauba wax designed to function as a post harvest coating for apples. CARNAUBA NATURAL EU is morpholine free as per EU (European Union) requirements.

CARNAUBA NATURAL EU offers high gloss, which is very suitable for both export and domestic shipments. CARNAUBA NATURAL EU provides improved resistance to whitening and hazing while limiting the weight loss associated with long-term storage.

### Application:

CARNAUBA NATURAL EU is best applied through the Micron 2000. It is important to have the apples dry before waxing. Preparation is most important before waxing. This will result in long lasting shine. CARNAUBA NATURAL EU can be applied at a rate of 1 litre to 1 tonne.

### Food Safety Statement:

1. The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
