

Technical Bulletin

Dermez

Moisture and Barrier Cream

Product Description:

DERMEZ is a delicately fragranced barrier cream with moisturising capacity from Aloe Vera, Lanolin, Vitamin E & Jojoba Oil.

DERMEZ helps the skins natural defences against grease, grime, oils & strong odours.

DERMEZ does not effect the skins ability to breathe & perspire

DERMEZ works under the harshest conditions to provide skin protection against a large range of irritants.

DERMEZ allows your skin to stay supple and therefore prevents splits & cracks from reappearing.

DERMEZ forms a non – greasy, non –toxic microscopic shield over your skin DERMEZ is suitable for wet & dry work applications.

DERMEZ helps make latex & vinyl gloves more comfortable to wear.

Application:

Apply DERMEZ from the pump pack to the palm of the hand. One or two pumps should be sufficient.

Massage the DERMEZ into the skin for a non-greasy protection layer.

DERMEZ should be applied as required. One application should last up to 4 hours.

Special Note:

DERMEZ is a very thick, highly active cream. The operator will need to pump the dispenser a number of times to prime the dispenser.

Food Safety Statement/Fitness For Purpose:

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

- 1) The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
