HAZeP Red

**Food Prep and Service, Fragrance Free Foaming
Instant Hand Sanitiser Cleans, Protects and
sanitises the Skin Non Flammable, No water
rinse required, enhanced foaming formula,
Kills 99.99% of Germs**

Product Description:

HAZEP RED is a new generation of gentle moisturising foaming instant hand sanitiser that has a powerful skin sanitising action using Benzalkonium Chloride (Quaternary). Kills 99.99% of Germs. Effective against bacteria: Kills Staph Aureus, E-Coli, P. Aeruginosa and E.Hirae within 1 minute (EN 13727).

HAZEP RED has no perfume as it is intended for use in food preparation and handling applications. It contains natural vegetable derived ingredients to soften the skin, so hands feel fresh and soft after washing. HAZEP RED dispenses to give thick luxurious foam and an especially pleasant hygienic way to instantly clean and sanitise hands. Non flammable for use where alcohol sanitisers are not possible, yet quick drying / absorption. Enhanced with natural ingredients, HAZEP RED contains a special skin care formula which cleans deep, sanitises effectively, yet moisturises and protects the natural balance of the skin, gentle hypo allergenic emollients help to stop drying and chapping which are common causes of dermatitis and skin irritation.

Application:

Hygienic Wash. Operate pump / lever to generate instant thick lathering foam in the hand. Rub hands together to distribute foam, pay particular attention to nails and cuticles, ensure full coverage. Rub hands together until dry and absorbed, no need for water rinse!
