HANDISO Antimicrobial Lotion Soap Fragrance Notes of Spring Floral

Product Description:

HANDISO combines a lauryl sulphate surfactant, derived from coconut oil, with Irgasan DP300 (skin disinfectant) to give a high quality every day skin antiseptic. JOE-GO HANDISO antimicrobial lotion soap can be used in food service & health care applications where hand washing with effective germ control is required Our formula has skin conditioners & possesses a perfume that leaves a light refreshing mild spring floral fragrance popular with both males and females.

Application:

Wet hands first, pump dispenser leaver 1-2 time, Apply liberally to hands, working the solution all over including nails. Rinse when done & dry. Test results are available that show that Irgason DP300 at 1% to be more effective than hand cleanser antiseptics containing 4% chlorhexidine digluconate.

Exclusive Dispenser:

This exclusive, attractively designed soap dispenser incorporates sight windows for easy checking of contents. Moulded in attractive hard-wearing plastic, the dispenser is rust and corrosion proof, has trouble free components and is built to last. Easy to load 1000ml bags, sanitary, no leak single use pump & collapsible bag.
