Kleen-Brake

Drum and Disc Brake Solvent Cleaner

Product Description:

Kleen-Brake Solvent Cleaner is a heavy duty formulation for cleaning disc, drum and other braking components. This product ensures longer brake life by removing wear causing grime without damaging lines or hoses.

- Improves brake performance by removing brake fluid, grease and oil from moving parts.
- Short drying time
- Penetrates rapidly
- Cleans instantly, evaporating quickly to leave no residue.
- Does not harm lines or flexible hoses

Application:

Kleen-Brake Cleaner's powerful formula penetrates into moving parts to dissolve road grime and grease to clean callipers, pistons and friction surfaces. Spray liberally on brake assembly, brake drums, disc pad backing plates, wheel cylinders, clutch plates, springs, starter motors, starter switches and callipers. Hose off with water.

Kleen-Brake Cleaner is a Class 3 flammable product.

5 Litre Steel Container – pop up our spout <> Code 20149

20 Litre Steel Drum – bung at bottom for tap <> Code 20150

SHELF LIFE: As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 12 months from the label printed date of manufacture. This information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Castle Chemicals assumes no responsibility for personal injury or property damage to vendees, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of material.
