### Premium Combi Oven Detergent

#### Product Description:

Powerful cleaning action against stubborn soilage

Excellent grease removal properties!

A specialist concentrated degreaser for use through the integral cleaning system on combination ovens. Dosed automatically during the oven's cleaning programme, KODEX has controlled foam levels and is effective for the removal of food deposits, grease, oils and carbonised materials. Suitable for use in both atmospheric and non-atmospheric (pressurised) ovens.

#### Application:

KODEX must only be used via the integral dosage system on combination ovens. Concentration can be adjusted via the oven control panel according to the level of soilage. Typical dilution rate is between 0.5% - 2%. Care should always be taken when changing containers. Always ensure that chemical containers are located in a safe position.

**DO NOT USE ON ALUMINIUM OR ALKALI-SENSITIVE SURFACES.**

**PRECAUTION: KODEX MUST NOT be used for hand washing of dishes.**

#### Food Safety Statement:

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

- 1) The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
- 2) Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.

**SHELF LIFE:** As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 24 months from the label printed date of manufacture. This information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Castle Chemicals assumes no responsibility for personal injury or property damage to vendees, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of material.
