Odourless

Industrial Odour Suppressant and Disinfectant - Commercial Grade

Product Description:

ODOURLESS is a red liquid that replaces malodours with a residual, pleasantly acceptable perfume. It should not be confused with conventional air fresheners and deodorisers.

Application:

Minimises unpleasant odours coming from waste water or waste disposal areas.

- Reduces even the most unpleasant odours in minutes
- Disinfecting properties help fight health hazards
- Manufactured using readily biodegradable surfactants (AS 4351.1)
- Safe for use by personnel
- Reduces fly and insect problems in waste disposal areas

ODOURLESS can be used to inhibit unpleasant odours and disinfectant waste area in:

Food factories

Abattoirs

Fruit & Vegetable Markets Garbage Bins

Industrial Waste Bins & Plants

- Dilute with water up to 100:1 for disinfecting.
- Dilute with water up to 150:1 for sanitising.
- Dilute from 60:1 up to 200:1 with water for general odour control.

SPECIAL NOTE: DO NOT mix with other detergents or disinfectants.

The operator should immediately treat the surface with this solution by spraying or saturating it. Repeat this process if or when necessary.

SHELF LIFE: As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme.
