Oxalic Acid

Laundry Stain / Spot Remover

Product Description:

Oxalic acid is a powerful and effective laundry additive for spot and stain removal. Particularly suitable for iron, rust and concrete type staining.

Contains concentrated Oxalic acid for effective removal of stains, iron and other spot removal. Supplied as powdered solid to allow concentration to be controlled.

Application:

Add to final rinses / sours for stain removal, may also be added direct to laundry items prior to wash. As a general guide, try an initial concentration of 10g (grammes) per 1Kg of dry linen, and 70 to 80°C wash temperature. More stubborn stains may respond with higher dose rates.

Oxalic acid contains like all laundry products should be handled with caution. When handling this product wear goggles or face shield and gloves. In case of contact refer to Safety Data Sheet.
