Prevent

Concentrated Laundry Mildewcide

Product Description:

PREVENT laundry Mildewcide is a concentrated and effective textile static treatment to prevent mildew in laundry.

PREVENT is concentrated - small dosages achieve maximum results.

PREVENT is ready to use - needs no pre mixing - is readily soluble in water.

PREVENT is the ideal mildewcide for situations where laundry may be left static without being dried immediately.

Application:

Apply PREVENT Mildewcide to final rinse at 15 - 20ml per 100L rinse volume. Approx. 6 - 10ml per 10Kg wash dry weight.

Domestic - Top Loader 6kg = 60mls

Domestic - Front Loader 6kg = 40ml

Commercial - Front Loader 23kg = 170ml

SHELF LIFE: As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 24 months from the label printed date of manufacture.
