## Spray Hand Sanitiser

### Product Description:

PROPASAN is an Isopropyl alcohol based "instant" hand sanitiser. PROPASAN is a clear, colourless liquid with alcohol odour. Used as a misted antibacterial hand sanitising solution. PROPASAN allows rapid and thorough water free sanitisation of the hands. PROPASAN has a product formulation that is suitable for use by staff in food processing areas, including meat export (AQIS) facilities. Fitness for purpose documentation available.

### Application:

PROPASAN may be used to supplement routine hand sanitising or whenever soap and water hand sanitising is not immediately feasible. PROPASAN provides a simple route to clean, sanitised refreshed hands.

Use undiluted. Apply via the appropriate hand sanitising misting station dispenser. Rub hands briskly until dry. No rinse required. Caution, flammable, read MSDS for further information.

### Food Safety Statement:

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

- 1) This product has been approved by AQIS for use in Export Meat facilities as a liquid hand soap Type B.
- 2) The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
- 3) Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.

**SHELF LIFE:** As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 24 months from the label printed date of manufacture. This information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Castle Chemicals assumes no responsibility for personal injury or property damage to vendees, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of material.
