RAMPAGE

Ammoniated Alkaline Detergent

Product Description:

RAMPAGE is a pink coloured alkaline detergent formulated with ammonia for a just cleaned finish. RAMPAGE is perfectly safe to use in food preparation areas, and will not taint or affect food stuffs in any way. It is non-toxic at recommended dilution, non-flammable and non-staining.

Application:

Washing Floors:

- 1 part RAMPAGE to 80 parts water for vinyl floors.
- 1 part RAMPAGE to 40 parts water for ceramic floors.

Washing Walls:

- 1 part RAMPAGE to 40 parts water for tiled walls.
- 1 part RAMPAGE to 80 parts water for painted surfaces.

RAMPAGE can be used on concrete floors at a dilution from 1 part to 5 parts of hot water. Apply and allow to stand for 5 minutes if badly soiled. Scrub / hose or rinse off. It is recommended to squeegee the area to facilitate quick drying of these floors.

Food Safety Statement:

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

- 1) The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
- 2) Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.
