S Trap

Water Sealant/Cleaner

Product Description:

'S' TRAP WATER SEALANT / CLEANER is a unique combination of residual reodorising liquid air freshener and water trap sealant designed to sit on the top of static water in 'S' type traps, retaining evaporation and hence malodours. This product also has excellent properties as a mild solvent cleaner.

- Effectively removes odours caused by evaporation of 'S' trap water.
- Provides a liquid seal above 'S' trap water.
- Liberates a pleasant pine fragrance.
- Useful solvent cleaning capabilities
- Removes sticky glue and tape residues

Application:

'S' TRAP WATER SEALANT can be used in areas where odour caused by evaporation of S traps leads to malodours. Generally in Bathrooms / Kitchens and water wetted area's.

For example: Hotels, Hospitality, Schools, Resorts, Hospitals, Offices, Motels, Nursing Homes.

AIR FRESHENER: 'S' TRAP WATER SEALANT is to be used as supplied undiluted. Add sufficient to form a liquid seal on 'S' trap water, typically for 90mm diameter drain, 50ml will provide an effective seal.

AS A CLEANER: Apply a small amount to a suitable cloth and wipe area to dissolve and remove sticky glue or tape residues.
