Triple Concentrate

Dishwash Liquid

Super Concentrated Hand Dishwashing Liquid

Product Description:

TRIPLE CONCENTRATE DISHWASH LIQUID is a highly concentrated hand dishwashing liquid. It contains a very high level of 'active' ingredients making it effective even at very low concentration.

TRIPLE CONCENTRATE DISHWASH LIQUID is a new generation non-phosphate hand dishwashing liquid concentrate, based on a unique new range of surfactants that meet or exceed the Australian standard for biodegradability and skin tolerance.

Application:

TRIPLE CONCENTRATE DISHWASH LIQUID can be used for all types of hand dishwashing either neat or following dilution. TRIPLE CONCENTRATE DISHWASH LIQUID thoroughly cuts through grease and lifts soils from crockery, glass, cutlery, pots and pans.

Consult with your Castle Chemicals Representative for optimisation of use of TRIPLE CONCENTRATE. As a super concentrated product, TRIPLE CONCENTRATE may be diluted to a standard concentration of 10 ml per 10 ltr for Heavy Soil and Dilute at 6 ml per 10 ltr TRIPLE CONCENTRATE for Medium Soil. Always add water before adding TRIPLE CONCENTRATE.

Food Safety Statement:

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

1. This product has been approved by AQIS for use in Export Meat facilities as a general cleaner Type A.
2. The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
3. Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.
