Versaclean

Hi Gloss Porcelain and Ceramic Tile Cleaner

Product Description:

VERSACLEAN is a pH Neutral synthetic all purpose cleaner/detergent system developed for streak free cleaning of high gloss tile floors. VERSACLEAN has been formulated with a combination of Anionic & Non-ionic surfactants coupled with mixture of evaporative solvents to improve dry time & reduce streaking. VERSACLEAN also contains a woody floral lingering fresh fragrance.

VERSACLEAN can be summarised as Versatile, Concentrated, Effective and Fit for Purpose.

Application:

VERSACLEAN is ideal for all high gloss porcelain & ceramic tile floors. Porcelain tiles are a very high quality variety of ceramic which is so dense it can be polished by special polishing stones to a very high finish. Glazed porcelain tiles are the most popular type of porcelain tiles and are made by using a decorative and super hard wearing glaze (which can be matt or gloss) over the porcelain base. Being a high gloss, these tiles will highlight soiling or poor cleaning technique, as these areas will show up as dull against the surrounding high gloss areas.

VERSACLEAN being a pH neutral requires no rinsing and as long as the cleaning solution is not over-contaminated from the cleaning process.

Since VERSACLEAN does not leave streaks, is low sudsing and requires no rinsing, it is suitable for use in automatic scrubbers.

VERSACLEAN can be used from 1:20 with water up to 1:100 with water as required by the application.

SHELF LIFE: As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 24 months from the label printed date of manufacture. This information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Castle Chemicals assumes no responsibility for personal injury or property damage to vendees, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of material. **Page 1 of 1**
