Washbright

Economical Washing Powder

Product Description:

WASHBRIGHT is an economical version washing powder and is a medium granular low bulk density laundry detergent.

An entirely synthetic formula containing optical brighteners and a highly effective low sudsing detergent. WASHBRIGHT has proved invaluable in commercial laundries, motels, hotels, private and public hospitals, colleges and institutions.

Application:

The quantities may vary according to individual requirements. Generally, the following recommendations may be taken as a guide:

12 kg machine	150 gm powder
20 kg machine	250 gm powder
60 kg machine	500 gm powder

Super soluble - Specifically formulated to dissolve quickly and easily, even in cold water!

No more powdery deposits in finished laundry.

Eliminates static electricity.

Heavy duty, ideally suited for industrial application.

Odours eliminated - WASHBRIGHT has proved highly successful in institutional laundering, in removing the unpleasant odours associated with hotels and soiled linen.

Concentrated - A low bulk density powder means a lesser volume will adequately perform a clean wash, when three times the volume of a fluffed powder would be required.

PHOSPHATE STATEMENT - Nil
