**To Whom it Concerns,**

**Re Castle Chemicals /Castle Cleaning Solutions**

Freedom Foods have recently re tendered our Cleaning Chemical supplier contract and have signed Castle Chemicals as our successful tenderer for supplying cleaning chemicals.

During this tendering process all aspects of the supplier customer relationship were evaluated and this contract was awarded on value for service.

Some operational areas at which Castle Chemicals have excelled are:

- Valid timely advice on chemical applications and dilutions
- Regular site visits and correction of any minor issues
- Thorough documentation provided with products.
- Effective cleaning chemicals.

Based on our experience we are pleased to be able to recommend the products and service/s that Castle Chemicals / Castle Cleaning Solutions provide.

Yours sincerely

John Marshall  
Technical and Regulatory Compliance Manager
