

APPLE GLAZE

High Shine Carnauba Wax

Product Description:

APPLE GLAZE is a high solid carnauba wax designed to function as a post harvest coating for apples.

APPLE GLAZE offers a "just picked" freshness whilst providing improved resistance to whitening, and hazing while limiting the weight loss associated with long-term storage.

APPLE GLAZE is used for domestic marketing only.

Application:

APPLE GLAZE is best applied through the Micron 2000. APPLE GLAZE can be applied at a rate of 1 litre to 1 tonne. It is important to have apples dry before waxing.

Food Safety Statement:

1. The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
2. Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.
