S1 Pre Treatment

Premium Pre Treatment/Heavy Duty Vehicle Wash

Product Description:

S1 Pre Treatment is a strong, heavy duty vehicle wash designed specifically to remove dirt, soils, and road stains from trucks, cars, buses and all forms of On and Off Road Transport.

S1 Pre Treatment is a complex blend of surfactants, sequestering agents, corrosion inhibitors, natural solvents and phosphates to ensure a thorough clean, effortlessly. It is safe for use on all metals.

S1 Pre Treatment is a high foaming product that can be sponged, broomed or sprayed onto bodywork, glass, aluminium and all types of truck curtains. It has remarkable rinsing capabilities and will not streak when hosed effectively.

- Quickly removes all dirt and road grime.
- Highly effective at removing exhaust staining.
- Free rinsing - No streaks.
- High foaming - longer contact time.
- Safe on all surfaces. Including fabric and plastic curtains.
- Will not attack paintwork or chrome. Built in corrosion inhibitors.
- Very economical to use.

Bright yellow, heavy bodied liquid with a distinct citrus odour. S1 Pre Treatment is water soluble at use solutions. pH of 1% solution typically: 9.6 pH neat 11.5

Application:

Generally used at a concentration of 5-10% (50 – 100mls/L). Can also be used neat as a degreaser. When using a high pressure cleaner, the dose rate is 10-20 mls/litre of water.

If time permits sponge or brush surface. If not allow to penetrate for as long as possible.

Hose or pressure rinse off all residual suds. It is most effective to rinse from the bottom upto the top and back down to the bottom again. This rinses soils from crevices.

If practical, chamois all paintwork for a great result.
