

FC 101

Vegetable Cleaner

Product Description:

FC 101 is high alkaline water based liquid containing blends of anionic detergents. It is a product developed for the fast removal of field dirt, residues and natural waxes.

FC 101 efficiently emulsifies and disperses soils, thus preventing a redepositing of the soils back onto cleaned fruit.

Application:

FC 101 is best applied by dipping or spraying, make sure the product is not recycled due to a build of field spores. Dilute 1 part FC 101 with up to 20 parts of water.

SHELF LIFE:

As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 24 months from the label printed date of manufacture. This information contained herein is based on data considered accurate.
