Fleet Wash

Economical Vehicle wash Detergent

Product Description:

The scope of this covers the efficient and economical removal of all normal soils, including oxide films from paint/enamel and metal surfaces of cars, trucks, buses, trailers etc with one product.

The selected product for this operation is Castle Chemicals FLEET WASH which is a liquid car and truck shampoo for hand washing of all vehicles.

FLEET WASH cleans without removing the wax finish.

FLEET WASH can confidently be used on all metals, including aluminium.

FLEET WASH is non toxic and safe for manual use.

FLEET WASH is readily soluble in hard or soft water, producing instantaneous and abundant controlled foam.

FLEET WASH, because of its near neutral pH is not harsh on the hands or duco.

FLEET WASH, quick break detergent at 10 minute parameter.

Application:

Dilute 1 part FLEET WASH with 5 parts clean water for use on chassis, tyres, truck trays etc.

Dilute 1 part FLEET WASH with 5 to 8 parts clean water for cars, truck cabs and paint work.

Apply preferably by brooming or sponging onto the surface.
