

# Janitor

## General Purpose Alkaline Detergent Apple Fragrance

### Product Description:

JANITOR is a red coloured alkaline detergent formulated with apple fragrance for a fresh fruity just cleaned finish.

JANITOR is perfectly safe to use in food preparation areas and will not taint or affect food stuffs in any way. It is nontoxic at recommended dilution, non-flammable and non-staining.

### Application:

JANITOR can be used on heavily soiled workshop concrete floors at a dilution from 1 part to 5 parts of hot water. Apply and allow to stand for 5 minutes if badly soiled. Scrub / hose or rinse off. It is recommended to squeegee the area to facilitate quick drying of these floors.

#### Washing Floors:

- 1 part JANITOR to 80 parts water for vinyl floors.
- 1 part JANITOR to 40 parts water for ceramic floors.

#### Washing Walls:

- 1 part JANITOR to 40 parts water for tiled walls.
- 1 part JANITOR to 80 parts water for painted surfaces.

### Food Safety Statement:

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

- 1) The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
- 2) Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.
