

Neutral Detergent

General Purpose Neutral Detergent Concentrate

Product Description:

CASTLE GREEN-PRO NEUTRAL DETERGENT is one of a new generation of Castle 'Green Pro' Environmentally aware products. CASTLE GREEN-PRO NEUTRAL DETERGENT has been specifically formulated to meet the criteria for an effective environmentally acceptable multipurpose neutral detergent.

A Viable Green Alternative

CASTLE GREEN-PRO NEUTRAL DETERGENT is a 'no compromise' formulation; there should be no need to accept a trade off in performance to be kind to the environment.

A green clear liquid; CASTLE GREEN-PRO NEUTRAL DETERGENT contains no Phosphates, EDTA, Alkyl Phenol Ethoxylates or derivatives. The biobased surfactant package has been selected to include raw materials that are all classified as 'readily biodegradable' with respect to OECD 301 test methods.

Application:

CASTLE GREEN-PRO NEUTRAL DETERGENT can be used for all types of neutral cleaning applications, Floor cleaning, spray and wipe for all surfaces, glass and chrome cleaning and general soil removal.

As a concentrated product, CASTLE GREEN-PRO NEUTRAL DETERGENT may be diluted to a standard concentration of 0.5% in water for heavy soil and as low as 0.1% in water for lighter soils. Always add water before adding CASTLE GREEN-PRO NEUTRAL DETERGENT.

Septic tank safe.

Food Safety Statement:

1. The raw materials / ingredients of this product are permitted as 'processing aids' as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
2. Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.
