Sprint

"All In One" Liquid Extractor Concentrate

Product Description:

SPRINT is a clear blue water based detergent system containing emulsifiers, stain removing solvents, sequestreants and soil suspending agents. SPRINT has an inbuilt deodorising system with a pleasing lingering "JUST CLEANED" fragrance.

- Due to SPRINT formulation it can be used as a carpet spotter, a prespraying and a extraction chemical.
- SPRINTS inbuilt drying agents reduce carpet drying time up to 20% compared to more common liquids.
- SPRINTS versatility is enhanced by its price/performance characteristics so as to reduce inventory costs.

Application:

Dilute SPRINT from 1:20 up to 1:30 with water depending on soil loads. Pre-spraying is a good practise to get into as it reduces overall cleaning time and moisture level.

FOR EXTRACTION EQUIPMENT:

HEAVY SOIL Dilute 1 part SPRINT to 100 parts water in solution tank.
(200ml per 20ltr)

MEDIUM SOIL Dilute 1 part SPRINT to 175 parts water (115ml per 20ltr)

LIGHT SOIL Dilute 1 part SPRINT to 300 parts water (66ml per 20ltr)

SHELF LIFE: As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 24 months from the label printed date of manufacture.
