

Stix

Toilet Bowl Cleaner/Sanitiser

Product Description:

STIX has been developed so that it sticks to the surface when cleaning and deodorising stainless steel urinals and toilet bowls. STIX does not harm stainless steel but safely removes slime, rust stains and organic matter. STIX contains a “lavender” fragrance.

STIX is a water based cleaner containing an organic acid blended with an acid resistant biodegradable detergent. STIX contains an inhibitor which reduces the chances of corrosion of stainless steel. A thickened lavender blue liquid with a characteristic lavender spiked perfume.

Application:

DO NOT dilute STIX or mix with other products - use a plastic dispensing bottle. Wet urinal before applying STIX. Direct STIX on the urinal or toilet bowl and allow it to run down the surface. Thoroughly brush areas as necessary. Flush urinal or toilet bowl.

SHELF LIFE:

As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life 12 months from the label printed date of manufacture. This information contained herein is based on data considered accurate.
