

Ceramic Tri Colour Foam

Ceramic Layering, High Lubricity Tri Colour Foam Conditioner – Pina Colada Fragrance

Product Description:

Ceramic Tri Colour Foam Conditioner is a part of our 3-part Ceramic layering program, exhibits high foaming in 3 vibrant colours (RED, YELLOW, BLUE) with the infused layering ceramic technology to provide added shine & hydrophobicity. When **Ceramic Tri Colour Foam Conditioner** is used in conjunction with **Ceramic Turboshine & Ceramic Sheen & Dry**, will create incredible water break with a deep penetrating “slick surface feel” & a magnified shine

Ceramic Tri Colour Foam Conditioner as a shampoo effectively and efficiently removes road film and caked on soils. Performs well in hard or soft water and is free rinsing, produces large quantities of dense, high lubricity stable foam at very economical use dilutions. The high lubricity reduces surface friction while maintaining excellent cling qualities.

Ceramic Tri Colour Foam Conditioner helps to improve brush life in friction/brush applications and is harmless to all vehicle finishes.

- Actively bonds & seals in previously applied Ceramic infused products to create a strong protective coating on the vehicle surface
- Biodegradable, Free Rinsing & phosphate free
- Can be used separately or in tri-colour applications
- Suitable for use in both single cycle & reclaim systems
- Regular use will improve the life of any paintwork consistently exposed to UV radiation
- High lubricity formulation protects vehicles as well as foam brush equipment

Application:

Suitable for use with Friction, touch free & foam brush and foaming equipment used in self-service car washes.

Apply in the range 5ml-10ml of product per vehicle

Handling Precautions: Keep out of reach of children. May be harmful if swallowed. Avoid contact with skin and eyes. Wear suitable eye protection and rubber gloves when handling this product. Castle Chemicals advocates that care be taken when using all chemical cleaning products.

MANUFACTURED BY CASTLE CHEMICALS IN AUSTRALIA.

DISCLAIMER: COLOURED FOAM WASH

Due to the high level of dyes (colour) used in car wash formulations, Castle takes no responsibility if a car is affected by staining. Vehicles with pre-existing damage or sun affected paint work should not use dyed (colour) based car wash chemicals. Ensure vehicles are thoroughly rinsed after use.

SHELF LIFE:As a quality assured manufacturer, Castle Chemicals has a stringent Quality assurance programme. As part of this regime, the label on this product shows a batch number and date of manufacture. This product has a shelf life of 12 months from the label printed date of manufacture. This information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Castle Chemicals assumes no responsibility for personal injury or property damage to vendees, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of material.
