

Technical Bulletin

Ceramic Turbo Gloss+

Polymer Ceramic Protectant

Product Description:

Ceramic Turbo Gloss+ is a next level ceramic layering technology designed to really create a “WOW” factor, providing a silky smooth, polished surface that really enhances the vehicles gloss. Provides a gloss and finish that lets you “feel the shine!”

Creates a hydrophobic ceramic shine on the vehicle surface and large water droplets that easily move off the car taking many surface contaminants with them as they go. **Ceramic Turbo Gloss+** provides a long-lasting protective film which enhances paint work and provides protection from harmful contaminants such as Industrial fallout, acid rain, road grime, insect, and bird droppings.

Multi Use: Auto, Tunnels and Self-Serve.

Accelerates Drying: Beading hydrophobic effect on car surface makes drying faster.

Long Lasting: provides long lasting wax beauty and protection to car finishes.

High Shine: Provides extra ceramic high gloss finish.

Safe for all exterior surfaces of vehicles.

Appearance: Hazy Red liquid, with a sweet Grape fragrance.

Application:

Apply from 5ml to 10ml of product per vehicle

Handling Precautions: Keep out of reach of children. May be harmful if swallowed. Avoid contact with skin and eyes. Wear suitable eye protection and rubber gloves when handling this product. Castle Chemicals advocates that care be taken when using all chemical cleaning products.

For further information, please consult the Safety Data Sheet.
