

Dispensing Options

DISHWASHERS

The D2000 Pod/ Titan Dispenser Unit, Lightweight 4.5kg capsule - long-lasting and reduces the number of lifts against a conventional liquid system.

Flushing cap technology - no-clog format allows complete use and removal of product, reduces risk of chemical contact at change over.

The Dema Nitro warewash dispenser line bridges the gap between compact basic dispensers and feature packed units too large for small kitchens. Nitro has the versatility to be used with or without a probe from the same unit and the flexibility to be used on a single tank, door or conveyor machine.

WASHROOM PAPER

One-ply Interleave Towel

'Auto Cut' dispenser with auto-cutting mechanism.

Castle also has a wide range of folded towel and dispensers for your washroom areas. Please contact your Castle Sales Representative or see our website for more information.

FOOD PROCESSING FOAMER

900N Series Mobile Compressed Air Foamers
Portable design with 4 non-marking wheels for easy transport. Rotationally molded tank has superior durability. Large fill cap opening for easy hassle free filling. Drain feature allows for easy emptying.

LAUNDRY

Castle can offer a range of laundry dispensers matched to the requirements of the site. DEMA, BRIGHTWELL, HYDRO NOVA are the more common suppliers.

The Dema Atlas Premium OPL and Commercial Laundry System is the premier on-premise laundry system with a unique modular design that provides easy addition of up to 7 pumps.

The BrightLogic Membrane Pump is a laundry dosing system which has been designed to deliver excellent flowrate consistency, even with highly viscous products. Allows for an easy upgrade, with the opportunity to mix and match up to 10 pumps for a truly versatile chemical dosing system.

EvoClean is the world's first venturi-based, water-powered laundry dispenser. It is compatible with the Total Eclipse Controller and includes an integrated flush manifold. The system is available in 4, 6 and 8 product configurations with either low or high flow rate.

For more dispensing options and more information please contact your Castle Sales Representative

WASHROOM

1000ml cartridges are sealed and designed for single use, keeping contamination and bacteria out.

Each cartridge dispenses up to 1250 hand washes.

'Solutions, Chemistry, Service'

Bar Kitchen and Food Service Product Range

Castle Chemicals Commitment

Since 1972, Castle Chemicals has built its reputation on the manufacture and supply of innovative, value-added products, systems and services.

ISO 9001, Quality Management Systems status became part of our culture in 1994. We have used this systems approach to business to drive continual improvement in product development, quality and process traceability.

A simple business strategy developed in 1972 by the late Des Barrack, the founder, still sets the standard for Castle Chemicals into the future. "We work hard to earn the loyalty of our customers by providing innovative quality products that get the job done, along with experience, service and training that is carefully designed to meet our customers needs."
