# Peroxi-Quat

Peroxide-Quaternary  
Multi Purpose Oxidising Cleaner

Peroxi-Quat Cleaner is an oxidizing multi-purpose cleaner, degreaser, and deodorizer for use on hard, non-porous surfaces. It contains both Quaternary ammonium chloride plus hydrogen peroxide active ingredients. It is especially effective at removing organic soils and Bio-film such as mould and mildew from all surfaces. It is an outstanding replacement to chlorinated-alkaline foam products, and performs equivalently to other oxidative foaming products.

Castle Chemicals

Solutions, Chemistry, Service

Since 1972

16 Rural Drive Sandgate NSW 2304 | Ph: 02 4014 5555 | Fax: 02 4968 4883 [ccsales@castlechem.com.au](mailto:ccsales@castlechem.com.au) | [www.castlechem.com.au](http://www.castlechem.com.au)

It is safe to use on all types of hard surfaces including all painted surfaces, brick, ceramic, concrete, glass, aluminium, chrome plated steel, and stainless steel. It is self-foaming and can be applied by brush, foam, mop bucket, or spray.

Peroxi-Quat Cleaner is completely biodegradable. Used in the dairy, food, poultry, wine and beverage processing industry for foam cleaning of equipment and environmental surfaces. It has a very high oxidation potential and will readily break down proteins, fats, greases and biofilms.

Peroxi-Quat Clean can be used for many applications using the following dilutions with water:

**Light duty: 15-30ml/Litre**

**Moderate duty: 30-60ml/Litre**

**Heavy duty 60-80ml/Litre**
