

Quick Service Kitchen Programme

Dispensing Options:

Quick Service Kitchen Programme not only provides top quality chemicals but also dispensing units. Dispensing units provide chemical control, cost effectiveness and safety for staff.

FlexDose
Designed for SafeLink closed loop inserts to dose bottles, buckets, sinks and more

Pro-Fill 1
Single sink Dispenser, dispenses one product into a kitchen sink with the turn of a ball valve.

Pro Dose
The industries most robust, reliable and economical manual hand pump.

DEMA Nitro
Warewash Dispenser bridges the gap between compact basic dispensers and feature packed units too large for small kitchens.

Soap Dispenser/SoftPod
Economical, convenient and hygienic. Soap Dispensers eliminate messy hand wash areas.

DR25
Is a two pump dishwash chemical dispenser, both pumps will operate for pre selectable times once a machine signal is activated.

Promax/Dose N Fill
The ProMax features the latest in proportioning technology, reducing flow restriction and maximizing performance even in lower water pressure situations. Ideal with our concentrated Dose N Fill products.

'Solutions, Chemistry, Service'

Quick Service Kitchen Programme Product Range

Castle Chemicals Commitment

Since 1972, Castle Chemicals has built its reputation on the manufacture and supply of innovative, value-added products, systems and services.

ISO 9001, Quality Management Systems status became part of our culture in 1994. We have used this systems approach to business to drive continual improvement in product development, quality and process traceability.

A simple business strategy developed in 1972 by the late Des Barrack, the founder, still sets the standard for Castle Chemicals into the future. "We work hard to earn the loyalty of our customers by providing innovative quality products that get the job done, along with experience, service and training that is carefully designed to meet our customers needs."

Quick Service Kitchen Programme

Running a kitchen involves many moving parts. The cleanliness of your kitchen is a major factor to keep yourself and customers safe and keeping that reputation.

The **Quick Service Kitchen Programme** from Castle means having the comprehensive chemicals for the job plus we control stock levels and reordering of your cleaning chemicals. Perfect for your quick service kitchens.

Sink Sanitisers

Dose N Fill Sanitiser

- Effectively sanitises food contact surfaces after cleaning. Use on hard, non-porous surfaces.
- Can also be used to sanitise utensils in commercial sinks.
- No-rinse; just drain and allow to air-dry.
- Dilution ratio is 1:150 (5mL per 750mL bottle)

Bench and Equipment Sanitisers

Dose N Fill Sanitiser

- Effectively sanitises food contact surfaces after cleaning. Use on hard, non-porous surfaces.
- Can also be used to sanitise utensils in commercial sinks.
- No-rinse; just drain and allow to air-dry.
- Dilution ratio is 1:150 (5mL per 750mL bottle)

Peroxi-Quat Sanitiser

Is an oxidizing multi-purpose cleaner, degreaser, and deodorizer for use on hard, non-porous surfaces. Especially effective at removing organic soils and Bio-film such as mould and mildew from all surfaces.

Sink Wash Detergents

Dose N Fill Pot & Pan

- Ultra-concentrated manual sink detergent formulated to cut through tough grease and dried-on food.
- Neutral pH blend of anionic and nonionic biodegradable surfactants that rinses easy and streak-free.
- Food-safe, anti-bacterial formula with a lemon fragrance.
- Dilution ratio: 0.5mL to 4mL p/L of sink water.

Back/Front of House Hard Floor Cleaners

Breakthru

High strength alkaline food area foaming degreaser. A blend of alkali boosting hydroxide with anionic high foam surfactants plus water soluble solvents to improve cleaning efficiency. Best used with foaming applicators to extend contact time.

Green Pro Deepclean

A bioenzymatic no rinse hard floor cleaner. The concentrated natural formulation manages the basic cleaning processes by combining naturally sourced surfactants with long term bio enzymatic action PLUS adds the benefit of lipase to speed both surfactant and enzymatic actions.

Dose N Fill Cleaner Degreaser

- Heavy-duty foaming grease-release cleaner for walls, floors, and food preparation equipment and surfaces.
- A synergistic blend of alkalinity, biodegradable surfactants, ester solvents and water softeners.
- Dilution ratio is 1:150 (5mL per 750mL bottle)

Dose N Fill High Quat

- Ultra-concentrated commercial cleaner and disinfectant for all washroom hard surfaces, formulated to remove body fats and soap deposits.
- Contains a pleasant citrus fragrance.
- Allow 10 minutes' contact time for disinfection
- Dilution ratio is 1:150 (5mL per 750mL bottle)
- Carton of 4x2.5L creates 1500L of RTU product at

Back/Front of House Cleaners

Dose N Fill Glass Cleaner

- Non-streaking, low-foaming & smear-free finishing on glass, chrome & other hard surfaces.
- Surfaces can be buffed with a lint-free cloth for best results.
- Dilution ratio is 1:40 (18mL per 750mL bottle)

Stainless Steel Cleaners

Green Pro Stainless Steel Cleaner

A vegetable solvent based, non-flammable, bio based product. Stainless Steel Cleaners neutral pH solvents rapidly cut through grease and will not cause spotting or streaking and leaves a high gloss, fingerprint resistant, protective shine, on all solvent resistant surfaces.

Alluminium Walls/Cool Room Hard Surfaces Cleaners

Squeeze Me

A unique commercial strength liquid crème cleanser with non-residual evaporative alkali booster that leaves a polished protective film without deleterious effect on hard surfaces including glass & porcelain.

Hot Soak Tank (eg. Pizza Tray's)

Tanka

Premium synthetic soak tank powder, containing an highly active, yet low sudsing surfactant blend and enzymes selected specifically for soaking and cleaning of grease and grime from pots, pans, aluminium baking trays ,filters ,grill tops and cooker heads.

Dishwashers

Green Pro Rinse All

A concentrated super wetting agent, which enables glassware, dishes and utensils to dry thoroughly and quickly without spotting or streaking. Rinse All is designed to be applied in the rinse cycle of automatic dish washing machines through rinse injectors.

Glissen

Glissen is an alkaline machine dishwash liquid with carefully balanced blend of low foaming cleansers, alkalis, aluminium corrosion inhibitors and water softening agents and is readily miscible with water.

Green Pro D-Lime

Non-hazardous, bio based product. Specifically for use in kitchen areas for removal of lime scale deposits in dishwashing machines, urns, kettles, bain maries, scale and food soils from appliances, stainless steel, ceramic, glass and plastic kitchen items and surfaces.

D-2000

Non-hazardous, bio based product. Specifically for use in kitchen areas for removal of lime scale deposits in dishwashing machines, urns, kettles, bain maries, scale and food soils from appliances, stainless steel, ceramic, glass and plastic kitchen items and surfaces.

Laundry

Green Pro Radical

Radical is a biodegradable formulation containing an effective detergent surfactant blend, optical brightener and a very popular 'fresh linen' fragrance. Radical meets the criteria of the ACCORD R'eco'gnised environmental credentials scheme & is safe for septic system discharge.

Multizyme Plus

Capsule system is a 100% active product for one-pass cleaning of kitchenware being crockery, glass or melamine. A unique no-clog flushing cap technology with maximum anti-scale boosters, stabilised chlorine for improved protein removal & de-staining plus industry leading alkalinity for low costs per rack.

Hard Floor and Drain Cleaners

Green Pro Biozyme

A biological waste water treatment that contains a unique blend of specialised micro-organisms and enzymes that have been developed specifically to liquefy and digest fats, oils, greases and complex proteins. Eliminates the cause of the odour.

Deter-gent

A powerful liquid detergent which provides antibacterial sanitising, deodorising and residual deterrents that discourage insects. Designed and formulated for use in hospitals, healthcare premises, aged care institutions, restaurants and pub / club environments. Suitable for general sanitising and cleaning of floors, hard surfaces, toilets, drains, garbage bins etc.

Dose N Fill Neutral Detergent

- Synergistic blend for exceptional cleaning power on any washable surface. Powerful enough to remove tough soils, while maintaining a neutral pH.
- Suitable for mop & bucket or trigger-bottle application.
- Dilution ratio is 1:150 (5mL per 750mL bottle)
- Carton of 4x2.5L creates 1500L of RTU product at \$0.14 per litre

Hand Care

Green Pro Gent-L

A deep cleansing formula incorporating Aloe Vera extract, Jo Joba Oil, Witch Hazel, Vitamin and E, pH balanced to the skin to reduce the impact of frequent use. Gent-L is suitable for all hospitality applications.

Kleer

A mixed alcohol based hospital strength 'instant' moisturising hand sanitiser gel that leaves hands hygienically clean and moisturised. Reduce the chain of infection.

**Cost effective,
never run out,
never compromise,
the quality of your business.**
