IHL Breakwash

Extra

Commercial Laundry Emulsifier Break Wash

Product Description:

IHL BREAKWASH EXTRA is a multiple surfactant / solvent-based detergent designed for use in commercial laundries where an extra strong solvent emulsifying break is required. IHL BREAKWASH EXTRA contains a synergistic surfactant blend coupled with water soluble solvents to improve fat breakdown & removal of greasy substances, from white or coloured polyester-cotton garments, table linen, greasy shop towels, wipes & overalls.

Application:

Use IHL BREAKWASH EXTRA with an auto feed dispenser to the desired wash formula. Can be added to full service commercial laundry programs, health care laundry programs & laundromat programs.

Combatable with IHL Alkaline Break, IHL Fabridet, or Easy Wash

Dilution Directions

Manual: Light Soil 2.5ml per Kg of wash, Heavy Soil 3.75ml per Kg of wash. For auto feed applications your Castle representative can provide advice on the correct dilutions of the product to suit your needs of your laundry.

Environmental Care

IHL Break Wash Extra conforms to all the statutory environmental requirements. It is based on safe ingredients selected to perform efficiently, are biodegradable & phosphate free. Containers are HDPE & recyclable.

Safety
