## A4 Rinse Gloss

### Automatic Touch Free + Friction Rinse/Drying Agent

#### Product Description:

A4- Rinse Gloss is a concentrated fast acting drying agent with gloss enhancers designed for automatic car wash facilities. Specially formulated, to act provide a concentrated quick rinse and gloss that is suitable for use through low pressure spray application for automatic and semi automatic car washers, also effective in manual car / boat applications.

A4- Rinse Gloss is ideal for new and used vehicles in providing a protective film which enhances paint work and provides protection from harmful contaminants such as Industrial fallout, acid rain, road grime, bird and insect droppings.

A4- Rinse Gloss Prevents oxidation of paint and protects exposed metal against corrosion.

A4- Rinse Gloss solution, when applied to a car rapidly beads and actively repels water on the surface, this surface technology assists drying and leaves the surface with a superior gloss coating.

Economical Effective in automatic systems at dilutions up to 1 part concentrate to 5000 parts water. Accelerates Drying Beading effect on car surface makes drying faster. Long Lasting Provides long lasting wax beauty and protection to car finishes. High Shine Provides extra gloss finish after wiping with soft cloth or chamois.

Appearance: Opaque liquid

Colour: Opaque, orange liquid with a slight fragrance

Fragrance: Mint

pH: (Concentrate) 6.0 - 8.0
