environmentally responsible solutions

Castle is proud to announce two additional Castle Products are now accredited and approved under the

*“The Recognised<sup>®</sup> eco-label identifies environmentally preferable commercial cleaning products.*

*Recognised<sup>®</sup> products have undergone independent third-party scientific assessment against a rigorous multiple-criteria Standard.*

*The Recognised<sup>®</sup> Scheme was reviewed by an independent Expert Panel of toxicologists\* as a “sound and robust...science-based, targeted and pragmatic set of criteria”, coupled with a “sound and transparent” third-party scientific accreditation process.”*

## GreenPro

environmentally responsible solutions

### M-Fresh

#### Concentrated Laundry Fabric Softener and Re-Odouriser

Added to the final rinses of the wash cycle M-FRESH imparts a soft smooth feel, and a fresh and clean Mountain Aire' fragrance to all types of laundry fabrics, even through the drying process the fresh fragrance remains. M-FRESH is the ideal rinse additive to soften and re-odourise your woollens, towels, blankets etc - or any fabric where you want to 'differentiate' your laundry results!

### Easy Wash

#### One Shot Liquid Laundry Detergent

A highly efficient one-shot laundry liquid for all domestic and industrial Laundries. EASY WASH is the obvious choice for hotels, motels and clubs, where instant solubility makes it a preferable alternative to powders. A high activity blue liquid detergent with fresh eucalyptus fragrance, developed particularly for the needs of Australian laundries. Formulated with specific levels of phosphates, silicates and surfactants incorporated to produce outstanding results.
