Workman

Citrus Solvent Based Hand Cleanser WORKMAN - TOUGH, BUT GENTLE

Product Description:

WORKMAN is a lemon, semi gel emulsion hand cleanser that surpasses most other types of "non hydrocarbon" citrus solvent containing products.

WORKMAN contains a fine polybead that assists with the "scrubbing" when removing heavy "ground in" soils.

PREVIOUSLY AQIS APPROVED, CATEGORY 9 FOR USE AS A LIQUID HAND SOAP TYPE B.

Application:

- Semi gel allows for the control of dispensing.
- High but not excessive level of citrus derived solvent to help cut through the toughest oil & grease.
- Meets current pollution requirements of using hand cleansers that don't contain hydrocarbon solvents.
- Added lanolin helps to prevent dry skin and guards against winter chapping.
- WORKMAN contains active agents to reduce dermatitis and other skin infection.
- The addition of emollients help to condition skin, leaving it comfortably soft and clean.
- Dedicated dispenser available for 4L packs:

Litres, 5 Litres and 25 Litres.

Food Safety Statement:

With regard to the use of this product as a hand cleaner that may have incidental secondary contact with food:

- 1) The raw materials / ingredients of this product are permitted as processing aids as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
- 2) Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.
