## Acid-Free Foaming Cleaner for Alloy Wheels

### Product Description:

**A3- Alloy Wheel Cleaner** is a specially formulated, concentrated Non Acid Liquid Wheel Cleaner that is suitable for use through pressure spray application for automatic and semi-automatic car washes, also effective in manual car / boat applications.

**A3- Alloy Wheel Cleaner** is ideal for new and used vehicles in providing a protective film which enhances wheel appearance and provides protection from harmful contaminants such as Industrial fallout, acid rain and road grime.

**A3- Alloy Wheel Cleaner** Helps to Prevents oxidation of wheel paint and protects exposed metal against corrosion.

### Application:

#### Reclaim System / Manual application

Product concentrate is fed into rinse water through an injector system via feed line from holding container. Dilution ranges from approx. 5 mLs down to 2 mLs of product per litre of rinse water. Adjust concentration to maintain adequate plating of solution on the surface of the vehicle.

#### Self Service Car Washes Manual application

Concentrate should be injected into the wax cycle at the rate of 50-100 mLs per litre of water. Wax cycle should run for a minimum of 3 minutes.

Code: 33113
