

# M-Fresh

## Laundry Fabric Softener with Mountain Aire Re-Odouriser

### Product Description:

M-FRESH is a concentrated Laundry Fabric Softener and Re-Odouriser. Added to the final rinses of the wash cycle M-FRESH imparts a soft smooth feel and a fresh, clean and pleasant odour to all types of laundry. M-fresh incorporates Mountain Aire fragrance with high residual capacity after use within commercial dryers.

M-FRESH Mountain Aire has a subtle yet pleasant fragrance profile.:

- Top notes of cool mint and dewy green leaves.
- Middle notes Hints of alpine greenery, wildflowers and flowing river water.
- The base residual fragrance is a soft musk with cedarwood/sandalwood.

The substantive M-FRESH fragrance will give a very desirable clean fresh fragrance to your Laundry, even after the dryer! M-FRESH is the ideal rinse additive to soften and re-odourise your woollens, towels, blankets etc - or any fabric where you want to 'differentiate' your laundry results!

### Application:

To freshen and re-odourise your laundry, add 1-5mls M-FRESH per Kg wash, for example, add 140mls to a 28Kg load. Add M-Fresh to the wash during the final rinse cycles. For more information on how best to optimise your Laundry, please contact your Castle Chemical Technical Representative.

### Fitness For Purpose:

- 1) An FFP - Fit For Purpose Statement is available for this product when used in an export meat facility.
