## Antimicrobial Lotion Hand Soap Fragrance Notes of Spring Florals

#### Product Description:

HANDISO is a high-quality antimicrobial lotion hand soap formulated for routine hand washing in commercial and institutional environments. It combines mild surfactants with skin-conditioning ingredients and triclosan to provide effective hand cleansing while helping leave hands feeling clean and refreshed. The balanced lotion-style formulation produces a pleasant lather, rinses freely, and is suitable for frequent use where good hand hygiene practices are required. HANDISO is fragranced with light spring floral notes and is designed to leave a mild, refreshing fragrance after washing. HANDISO is suitable for use in food service, hospitality, commercial washrooms, amenities, and other workplace environments where regular hand washing and antimicrobial hand hygiene is important.

#### Application:

Wet hands first, pump dispenser lever 1-2 times. Apply liberally to hands, working the solution all over, including nails. Rinse thoroughly, then dry.

#### Exclusive Dispenser:

This exclusive, attractively designed soap dispenser incorporates sight windows for easy checking of contents. Moulded in attractive hard-wearing plastic, the dispenser is rust and corrosion proof, has trouble free components and is built to last. Easy to load 1000 mL bags, sanitary, no leak single use pump & collapsible bag.

#### Food Safety Statement:

With regard to the use of this product as a cleaner and / or sanitiser that may have incidental contact with food:

- 1) The raw materials / ingredients of this product are permitted as processing aids as listed under clause 12 of the Food Standard Code 1.3.3 (Food Standards Australia New Zealand FSANZ) or
- 2) Are Generally Regarded As Safe (GRAS) according to the US Food and Drug Administration (FDA) or are recognised in the US Code of Federal Regulations (CFR) Title 21 part 178 as indirect food additives.

When used in accordance with the directions described in this product technical bulletin, this product complies with these recognised food safety parameters.
